Dear Andy

**Re: Excavation Works To Rear Of Windsor House, 107 Talbot Road, Talbot Green**

I am writing to thank you and your team for the prompt professional service provided in respect of the above excavation works.

As you are aware, it was a narrow, difficult site to excavate, but the work was carried out quickly, with the minimum of disruption and general untidiness often associated with ground works. The whole area was left clean and tidy on completion.

I would happily recommend your services to any of my Clients for future projects.

Best Regards

Yours sincerely

T R Davies
